Deadly Serpent Bites

are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters the great restorative medicine, of which S. A. Brown, of Bennettsville, S. C., says: "I restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on Guarantee by Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard. Price 50c.

Reading, writing and spelling seem to have become a lost art in public schools. An exchange states that the trustees of Cooper Union, in New York, declare that the young men and women who come to them for instruction in telegraphy, stenography and typewriting, though of good ability and general information, are lamentably deficient in the fundamentals of the English language. They especially cannot spell. Out of 30 or 40 words in ordinary use sometimes one-half or even two-thirds are misspelled. This experience of the trustees, nearly every newspaper publisher will stand ready to avouch from sore experience. The common schools no longer teach the common rudiments.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard. Price 25c.

Honors are being stolen from most of the great men of former days. Galileo was said to have discovered the law of isochronism of the pendulum while pursuing his studies at Pisa in 1581. Now we learn that the pendulum was used as a correct measure of time among the Arabs as far back as the year 1,000.

If your stomach troubles you do not conclude that there is no cure, for a great many have been permanently cured by Chamberlain's Stomach and Liver Tablets. Get a free sample at W. N. Craig's drug store and give them a trial. They also cure constipation and biliousness.

Kind Gentleman—You are not the boy that I left with my horse?

I gave de other boy five cents for his job.

Newton Briney, pastor of the Broadway Christian church, officiating. They left at once for Birmingham to reside. The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borrowings, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by W. N. Craig, the popular druggist, Stanford.

Pierce, of the association. The guard will accompany the relic throughout the journey. The cabin will be first re-erected at Louisville as an attraction of the Home-coming Week.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by W. N. Craig, the popular druggist, Stanford.

Col. W. C. Greene, president of the Greene Consolidated Copper Co., who is at Cananea, Mexico, has sent out a signed statement saying that accounts of the disturbances at Cananea are very much exaggerated. Hastening through the crowd in the Tenth-street station this morning looking for President Roosevelt, Robert Lee McFadden, of London, was arrested by District Detectives Simon and Kimble on a charge of lunacy, says the Louisville Times. McFadden, was seen in the station as early as 10 o'clock, and kept up his search diligently for an hour. He finally found the object of his search in a traveling man hurrying for a train. He approached him and spoke to him, calling him "Mr. President." He was disappointed, however, as the drummer left him in a few moments. He then took his stand in the center of the big waiting room and began to expound Rooseveltian doctrine. The virtues of the President of the United States were set forth in the most glowing terms, and timid women in the station began to fear the presence of the speaker. At this juncture the detectives appeared and took charge of McFadden.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by W. N. Craig, the popular druggist, Stanford.

On the farm of J. F. Meacham, a few miles from town on the Antioch road, says the Hopkinsville Kentuckian, is a rose bush that has bloomed every year for 100 years. The house occupied by Mr. Meacham was built in 1802 and four years after Thomas Kirtman, who settled the place, bought a pink tea rose, blooming in clusters, from a nursery in North Carolina and set it out under the window of his new house. It stands on the same spot today and is now bearing its 100th crop of blossoms. The bush is large and vigorous and seems good for 100 years more.
